## SPONSORSHIP BROCHURE

27th-29th JANUARY  
THE LNMIIT, JAIPUR

LNMHACKS.XYZ

# ABOUT THE HACKATHON

LNMHacks invites all designers, programmers, and inventors to code, build and design innovative solutions to tackle the real-world problems using the Blockchain Technology. It provides its participants with a venue and platform for creativity and self-expression through technology. Whether it's one's 1st code or the 100th, the scope for improvement always remains. The hackathon is here to provide you with precisely that. However, the only constraint at the event is time.

LNMHacks 5.0 will be a 72-hour hackathon with a wide range of tracks in the Blockchain field, such as DeFi, DAOs, NFTs, and Gaming. LNMHacks expects the participation of innovators and developers from all over the nation.. Some of the tracks mentioned above will have dedicated problem statements and prizes.

All the participants will be required to create a working application to showcase their solution to the problem.

# Highlights Of LNMHacks 4.0

LNMhacks 4.0 was successfully held from the 19th to 20th of October 2019 at LNMIIT, Jaipur, in collaboration with Github, Developer Circles Jaipur(Facebook), MLH and many more.

After the great success of LNMHacks 3.0, the team organized LNMHacks 4.0, which further received an outstanding level of participation from developers across the region.

## STATS OF LNMHacks 4.0

- 1200+ registrations on the official website for the first round to be then selected for the main event.
- 500+ applicants were accepted for the event, and their presence took the intensity of the event up by a notch.
- A dedicated team of about 60 volunteers was responsible for the hassle-free execution of the event.
- GitHub workshop and Facebook Developer Circles sessions were organized alongside the main event for the benefit of the participants.
- Cloudflare, DigitalOcean, MLH, JetBrains, Wolfram Language, Bugsee, and Coding Blocks were some of the communities that partnered with the team for the event.
- 80+ successful submissions were made on our partner platform. The innovative projects ranged from applications to hardware products to machine learning solutions.
- 2.5 lakhs worth of prizes were won by the winners.

# IMPORTANT HIGHLIGHTS

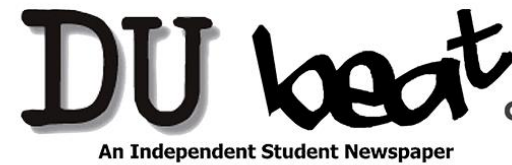

- Free food and accommodation will be provided to the participants. The participants are eligible to avail meals three times a day and also once at midnight as the hackathon would go on all night long.
- Simultaneous sessions and workshops would go on alongside the hackathon to provide the participants and other attendees with a wholesome and educational experience like never before.
- Fun activities and interactive sessions would be carried out at regular intervals so that the event does not turn monotonous and the participants are able to enjoy while they code.
- The event encourages networking among the attendees as it is designed to promote interaction among people from a variety of domains present at the event.

A painting of a man with a beard and a forest scene. The man is in the foreground, wearing a dark suit and a white shirt with a tie. He has a full, dark beard and mustache. The background is a lush, colorful forest with trees in shades of green, yellow, and orange, suggesting autumn. The style is impressionistic, with visible brushstrokes.

# WHY SPONSOR US?

- We share the same target audience and want to reach the people who are enthusiastic about all forms of Blockchain technology and are using it to develop better solutions and create something unique for this world.
- Possibility of finding skilled interns and trainees for your organization, who would have the potential to give one of the best performances in their respective fields, owing to it to their well-versed knowledge of the area of their expertise.
- Live feedback on the APIs and other products by the hackers participating in the hackathon.
- Sponsors are given all possible assistance in hosting workshops and tutorials within the campus premises
- Apart from the registrations (1200+) that are interested in our events, we have our social media posts reaching thousands of people, which can further help us boost your reach
- The event is not targeted towards any form of profit whatsoever.
